

SUSTAINABILITY POLICY

Elif acts responsibly toward the environment and society and promotes productive and cost saving methods and technology in its business activities. For Elif, sustainable development means the combination of long term oriented economic success with environmental protection and social responsibility both in the workplace and marketplace of Elif. It is aimed to integrate a sustainability notion into Elif's organizational and management system and build stable and sustainable relationships with business partners of Elif by acting responsibly throughout the entire supply chain.

Elif's approach to sustainability is driven by the operating model defining its approach to business in three elements:

- Vision & Mission: Elif's strategic framework for significant success
- Corporate Personality: Articulating Elif's unique approach to conducting work every day.
- Corporate Values: Reflecting the behaviors that shape the tone of how Elif works with its customers and partners as well as its internal working principals
